

the Secretary of the Interior may exclude an area from critical habitat if it is determined that the economic or other benefits of exclusion outweigh the benefits of designating the area as critical habitat, unless such exclusion would lead to the extinction of the species. The economic analysis assists in making that determination.

Public Comment Solicited

The final economic analysis concerning the designation of critical habitat for the western snowy plover will consider information and recommendations from all interested parties. Therefore, comments or suggestions from the public, other concerned governmental agencies, the scientific community, industry or any other interested party concerning this draft document are solicited. All comments and materials received during the comment period will be considered in preparing the final economic analysis.

National Park Service

Notice of Intent To Repatriate Cultural Items in the Possession of The Maxwell Museum of Anthropology, University of New Mexico

AGENCY: National Park Service, Interior.

ACTION: Notice.

Act of 1990 of the intent to repatriate a cultural item in the possession of The Maxwell Museum of Anthropology, University of New Mexico, Albuquerque New Mexico, that meets the definitions of "object of cultural patrimony" and "sacred object" under section 2 of the act.

The object is a mask made of red cotton canvas and hide with a leather beak and eye circles, four fertility balls, one pointed appendage on top, and two faint black lines across the face. The mask is thought to date to between 1900 and 1930. The item was acquired by the Museum from Don Woodard of Woodard Trading Post on March 27, 1965 and was given the accession number 65.29.1.

Authorized representatives of the Hopi Tribe acting on behalf of the Katsina Society Priest and a

representative of the Katsina Clan of Walpi Village have identified the mask as a Mudhead (Koyemsi Katsina). They have identified the mask as having ongoing importance central to the Hopi tribe as a whole and which could not have been alienated, appropriated, or conveyed by any individual. They have also stated that the living mask is needed by traditional Hopi religious leaders for the practice of traditional Hopi religion by present day adherents. The Hopi tribe requested repatriation of the living mask (Koyemsi Katsina) in a letter dated March 31, 1995.

Based on the above mentioned information, officials of The Maxwell Museum of Anthropology have determined that, pursuant to 25 U.S.C. 3001 (2), there is a relationship of shared group identity which can be reasonably traced between the mudhead mask and the Hopi Tribe. Officials of The Maxwell Museum of Anthropology have also determined that the mudhead mask meets the definition of object of cultural patrimony pursuant to 25 U.S.C. 3001 2.(3)(D). Officials of The Maxwell Museum of Anthropology have also determined that the mudhead mask meets the definition of Sacred Object pursuant to 25 U.S.C. 3001 2.(3)(C).

The Maxwell Museum's Director and Curatorial committee and the University of New Mexico officials have approved the repatriation of the Mudhead Mask to the Hopi Tribe.

This notice has been sent to officials of the Hopi Tribe. Representatives of any other Indian tribe that believes itself to be culturally affiliated with this object should contact Dr. Garth Bawden, Museum Director or Brenda Dorr, NAGPRA Project Director at the Maxwell Museum of Anthropology, University of New Mexico, Albuquerque, New Mexico 87131-1201, telephone: (505) 277-0195, before June 5, 1995. Repatriation of the to the Hopi Tribe can begin after that date if no additional claimants come forward.

Dated: May 2, 1995.

Realty Actions; Sales, Leases, etc.: Georgia

AGENCY: National Park Service, Interior.

ACTION: Notice of Realty Action.

SUMMARY: Proposed Exchange of Federally-Owned Lands for Privately-

Owned Lands Both in Fulton County, Georgia.

FOR FURTHER INFORMATION CONTACT: Superintendent, Martin Luther King, Jr. National Historic Site, 526 Auburn Avenue, Atlanta, Georgia 30312.

SUPPLEMENTARY INFORMATION: Public comments will be accepted for a period of 45 days from the date of this notice.

I. The following described Federally-owned lands which were acquired by the National Park Service, have been determined to be suitable for disposal by means of exchange. The authority for this exchange is the Act of July 15, 1968 (16 U.S.C. 4601-22).

These selected Federal lands lie inside the boundary of Martin Luther King, Jr. National Historic Site. The lands include the western half of the former Martin Luther King, Jr. Community Center which the City of Atlanta conveyed via donation to the National Park Service in 1994. The Community Center property was acquired from the City of Atlanta for Service conversion of the eastern half of the building to a Visitor Center for the National Historic Site.

The western half was acquired for the purpose of disposal by exchange with Ebenezer Baptist Church who intends to construct a new sanctuary on the lands using private funds.

The selected lands have been surveyed for cultural resources and endangered and threatened species. Although no known archaeological resources exist on these lands, plans have been made to assess and/or protect archaeological resources should they be discovered during excavation of and construction on the land. The Land Protection Plan, General Management Plan Update and Environmental Assessment discuss the use of this land for exchange purposes, and these reports along with Finding of No Significant Impact are available upon request.

Both the surface and the mineral estates are to be exchanged. There are no leases or permits affecting these lands. The property has been surveyed for hazardous substances and the presence of asbestos and lead paint has been documented.

The lands to be exchanged by the United States are generally described as follows: A portion of the lands at 450 Auburn Avenue, NE., adjacent to Jackson Street.

The above lands contain a total of 1.5 acres, more or less. These lands will be conveyed in fee simple and by easement.

II. In exchange for the lands identified in Paragraph I, the United States of

America will acquire land adjacent to Ebenezer Baptist Church and a longer term lease of the existing church sanctuary building. These lands lie within the boundary of Martin Luther King, Jr. National Historic Site.

Acquisition of a long term leasehold in the Church sanctuary building will provide the National Park Service with the authority to conduct visitor interpretive tours and preserve the historic sanctuary where Dr. King served as co-pastor, one of the primary cultural resources of the National Historic Site.

The initial term of the lease shall be 50 years with the National Park Service having the option to extend the lease for an additional 50 years. Ebenezer Baptist Church shall retain the right to use the sanctuary periodically for weddings, funerals, and similar special events. Otherwise, the Service shall use the church for interpretive programs and administer the lands as part of Martin Luther King, Jr. National Historic Site upon completion of the exchange.

The land adjacent to the church to be acquired by the United States of America shall be used to provide parking for handicapped and elderly visitors to the National Historic Site. These lands are being acquired in fee simple with no reservations subject only to rights-of-way and easement of record.

The lands to be acquired and leased by the United States of America are generally described as follows: All or a portion of the lands at 407 Auburn Avenue, NE., and 410-412 Edgewood Avenue.

The above private lands contain 1.1 acres, more or less.

The value of the properties to be exchanged shall be determined by a current fair market value appraisal and if they are not appropriately equal, the values shall be equalized by donation and/or payment of cash as circumstances require.

Detailed information concerning his exchange including precise legal descriptions, Land Protection Plan, General Management Plan Update and Environmental Assessment, cultural reports, and Finding of No Significant Impact are available at the offices of the superintendent, the Martin Luther King, Jr. National Historic Site, 526 Auburn Avenue, NW., Atlanta, Georgia 30312.

For a period of 45 calendar days from the date of this notice, interested parties may submit comments to the above address. Adverse comments will be evaluated and this action may be modified or vacated accordingly. In the absence of any action to modify or vacate, this realty action will become

the final determination of the Department of the Interior.

Dated: April 28, 1995.

Frank Catroppa,

Acting Regional Director, Southeast Region.
